

Lecture Series

Rolling Stock of the Future

29 January 2019

Keynote Speakers: Jo Hensher, Bid Director HS2 Rolling Stock, Siemens Mobility
Professor George Bearfield, Health and Safety Director, Rock Rail

This is the first in a series of events to launch the Centres of Excellence that make up UKRRIN.

In our first event we are presenting the Centre of Excellence in Rolling Stock. Jo Hensher from Siemens will give a keynote lecture on 'Rolling Stock of the future', followed by Professor George Bearfield from Rock Rail who will give a keynote lecture on 'Rolling Stock Safety Analytics'. This will be supported by case studies showing work being carried out via UKRRIN and a tour of the world class facilities for testing rolling stock innovation at the Institute of Railway Research at the University of Huddersfield. Refreshments will be provided.

LOCATION

Institute of Railway Research,
University of Huddersfield,
HD1 3DH
